ia, as second-class matter.]

At the last regular meeting of the board of managers of the Infirmary, the following action was taken and the secretary ordered to send a copy of the proceeding to each physician in Alex-

Whereas, It has been stated that no application can be made to the Legislature of the State for aid to the Infirmary, unless the duties of the physicians in charge and the special nature of their connection with the institution can be distinctly pointed out to the members of that body: therefore be it

Resolved, That the board of managers, through their secretary, request

the physicians who are willing to give their services to the patients or who wish to have their own patients or who wish to have their own patients treated at the Infirmary to send to the president, our work superior to all others.

25 cents (Atracting Source of So the institution in order to the success ful and satisfactory prosecution of their

In pursuance of which the managers of the Alexandria Infirmary respect fully urge you to comply with the request stated in the resolution. They are anxious to do all in their power to aid the physicians in the performance of their work, and if they can have a distinct understanding of what is need ed and expected, will assuredly endeav or to fulfil the requirements to the best of their ability.

It is their earnest wish to maintain the most pleasant relations with thes who have so generously come to their help, and, without whose gratuitoes services, so freely and kindly given, we should, in our present circumstances,

have to close our doors to many of the applicants for relief.

We are not ungrateful or unmindful

of all we owe to them, and as we are co-workers in the cause of suff-ring br-manity it is most carnestly to be desired that we shall labor together in unity and in the loving spirit of the Master whose servents we are. Col. Herbert in a letter to the board of managers suggested that the differ-ent physicians of the city might agree

among themselves that each shall take ap some special branch of practice as their particular service, as diseases of the eye, ear and throat, female diseases, diseases of children, surgery, general practice, &c. This, however, to be left o the wishes and discretion of the phy icians themselves. The manager have no wish to dictate. Since the letter of Col. Herbert the suggestion has seen made by some not connected in any way with the institution.

Further proceedings in this relation dicited the following, which the secre tary was ordered to transmit with the foregoing to the physicians.

Our physicians have each so large a practice that they find it difficult, in ordinary cases, to give daily attendance at the Infirmary as desired, though they are always ready in cases of extreme illness, or when the need seems urgent. In view of this the secretary offered the following resolutions, which were voted on and passed:

Resolved, That it would be desirable to secure the services of some physician. seeking to settle permanently, who would be willing to reside in the Infirmary and render services for his board, assisting the regular physicians or attending when they are absent, but so as not to interfere with such practice as he may secure outside The other resolution of interest to

the physicians is as follows Resolved, That as with but one nurse in the Infirmary, equal to cases of emergency, it would not be possible for us to allow her to be subject to the call of the physicians for outside service; that we, therefore, express our willingness to offer board to any trained nurse who would accept it; that she may be ready for any calls made upon her by physicians, and when not so employed, that she be willing to give any assistance in the institution, should need

We are sole agents here for the "MILLER HEATER," a lamp and stove combined. NO DIRT, NO ASHES, NO SMOKE, NO ODOR. You can heat your room comfortably for thir-teen (13) hours at the cost of one (1) gallon of oil. If you do not need the stove for heat-ing purposes when the weather is warm, you can remove the heater and substitute a chim-ney and use it to light the room. This is the most complete heater on the market. It is the easiest of all to rewick, cannot leak, no completed receiving to got out of order. complicated mechanism to get out of order, and THE COST IS VERY SMALL. Call and
